

## BMX COMMISSION

*The best organized Championship could, and have to be improved, when this is how ever possible. During the whole last season I made some remarks, which have to be done next season, and this is, as follow.*

### **Awards and National Flags**

*It is mandatory for all organizers to have National Flags of all European Countries, which participate at Championship, hanging around and during the awards behind the podium. To avoid the situation in the future like in Haaksbergen (3 stolen flags) Each Chef d'equip should have one National flag of his countries, stand by for each case. Non-European Federations have to bring always they National flag to organizer.*

### **Entries**

*According to the National selection criteria, host Federation is allowed to entree all riders when they were selected. UCI rules for unlimited classes stays unchanged.*

### **UEC Corner**

*Organizer have to organize an UEC Corner, with internet connection, this can be in race office, when enough space or anywhere closed to them. All concerns during the race outside the Chef d'equip meeting can be posted there to the event coordinator, so we can be able to react more quickly, by any problems during the races if necessary.*

### **Team Area**

*Team area order is new: first row Trade Teams, second National Teams, third Clubs.*

### **Registration**

*Team registration will be accepted till Tuesday 30<sup>th</sup> of August 2011, for season 2012*

### **Web**

*Organizer has to provide our web master and his assistant with all access cards.*

### **Meetings Chef d'Equip**

*First meeting is compulsory for all Chef d'Equip or his assistants. We will lead statistic and if necessary inform the National Federation for unexcused absence.*

### **Lunch during the race**

*For all staff on the truck, race office and UEC/UCI officials is mandatory to have a separate line, or separate room (table) for the lunch. Brake is shot for lunch and toilets, when they have to wait in the row with all other persons.*

CH-ARBON 6<sup>th</sup> of August 2011
